## **Disasters:**

#### **Declaration Number**

FEMA-DR-1391-NY

## **Narratives**

#### **Disaster Damage:**

The Lower Manhattan Development Corporation was created in the aftermath of September 11, 2001 by Governor Pataki and then-Mayor Giuliani to help plan and coordinate the rebuilding and revitalization of Lower Manhattan, defined as everything south of Houston Street. The LMDC is a joint State-City corporation governed by a 8-member Board of Directors (Formerly 16 - member), half appointed by the Governor of New York and half by the Mayor of New York. LMDC is charged with ensuring Lower Manhattan recovers from the attacks and emerges even better than it was before. The centerpiece of LMDCs efforts is the creation of a permanent memorial honoring those lost, while affirming the democratic values that came under attack on September 11. The United States Department of Housing and Urban Development appropriated \$2 billion to fund the Lower Manhattan Development Corporations initiatives.

#### **Recovery Needs:**

The World Trade Center attacks resulted in a staggering loss of life and extensive physical destruction to Lower Manhattan. Approximately 30 million square feet of commercial space was damaged or eliminated, and seven buildings in the World Trade Center site were completely leveled. Critical transportation infrastructure was disrupted or obliterated, including the PATH station, the 1/9 subway line and sections of Route 9A and Church Street. Vehicular access to the area south of Canal Street was prohibited for seven days. As a result of the tragedy, residential occupancy rates in the immediate region dropped to 60%, over 100,000 jobs were displaced, and small and large businesses struggled to maintain viability.

#### **Activity Description:**

BUSINESS RECOVERY GRANT PROGRAM --- This plan details LMDC's proposed expenditure of \$350 million to supplement three business recovery and economic revitalization programs initiated and administered by Empire State Development (ESD), New York State's economic development agency, in cooperation with the New York City Economic Development Corporation (EDC).ESD Action Plan History -- Business Recovery Programs Established by ESD -- Congress appropriated an initial \$700 million to New York State for economic recovery and revitalization efforts through HUD's Community Development Block Grant Program. This fund is managed by ESD in cooperation with EDC in accordance with a Final Action Plan and an Amended Action Plan accepted and approved by HUD. The Final Action Plan describes all of the business recovery and revitalization programs. The Amended Action Plan modifies three programs: (1) the Small Firm Attraction & Retention Grant Program, (2) the WTC Business Recovery Loan Fund, and (3) the Infrastructure Rebuilding Program. Both ESD's Final Action Plan and Amended Action Plan are available on the ESD web site: www.empire.state.ny.us.--Additional Business Recovery Funding from LMDC -- Both ESD's Final Action Plan and Amended Action Plan recognized that more than \$700 million would be needed to fully fund the business recovery and revitalization programs as described. When an initial \$2 billion was appropriated to LMDC, Congress intended that some portion would be directed to the business recovery and revitalization effort administered by ESD. In fact, \$500 million of the initial appropriations (the \$700 million and the

\$2.0 billion) is required to be made available to small businesses, not-for-profit organizations, and individuals to compensate them for economic losses. -- LMDC is publishing this Partial Action Plan to allocate \$350 million of the \$2 billion fund to three business recovery programs administered by ESD as described in ESD's Final Action Plan and Amended Action Plan referred to above.--WTC Business Recovery Grant (BRG) Program -- \$150,000,000,(total program fund \$481,000,000) ---PROGRAM OVERVIEW---The WTC BRG program provides grants to businesses (including not-for-profit organizations) with fewer than 500 employees, located in Manhattan south of 14th Street, to compensate them for economic losses resulting from the disaster. Compensation is calculated based on days of lost gross revenue, with the maximum number of days and amounts determined by business location. ---PROGRAM OBJECTIVE--- The program is intended to provide compensation for economic losses at affected firms, thereby assisting in the retention of 225,000 jobs at assisted businesses and up to an additional 150,000 jobs at businesses indirectly affected by the activities of assisted businesses. Note that businesses assisted by this program will also be eligible for assistance from other ESD programs. Consequently, job impacts across programs are not additive. --- Integration with Preexisting Programs. Benefits from the program will be integrated with the previously offered WTC Disaster Retail Recovery Grant Program. That program offered compensation equal to three days lost business revenue, capped at \$10,000, to retail and personal service firms with fewer than 500 employees located in Manhattan south of Houston Street on September 11, and continuing in business in New York City.---Benefits from the program will also be integrated with the previously offered Lower Manhattan Grant Program administered by the EDC. That program provided grants, capped at \$10,000, to small nonretail businesses located in the restricted area of Lower Manhattan, and grants to other non-retail businesses located south of Houston Street tied to application and approval of SBA loans.---eligibility Criteria and Maximum Award Levels. Applicants for assistance through the WTC BRG program must show a business lease, deed or permit that was in effect on September 11th. --RESULTS--The Business Recovery Grant Program (BRG) ended December 31, 2002. The program provided \$219 million in grants to 6,858 firms with 52,310 employees.

#### **Activity Description:**

WTC JOB CREATION AND RETENTION PROGRAM --- The WTC Job Creation and Retention Program (JCRP) offers grants to assist firms with 200 or more employees that were displaced from their workspace for at least one month after 9/11, as well as other affected firms, and firms willing to create new jobs in the downtown area. JCRP is managed by ESD in cooperation with NYC EDC in accordance with a Final Action Plan and an Amended Action Plan accepted and approved by HUD. Assisted companies are required to maintain jobs in New York City for a

minimum of ten years. Decisions as to whether to provide assistance and how much to offer are evaluated on an individual case basis based upon an assessment of the economic value of the project to New York City, risk, location, and size of workforce. In addition, there is assistance for projects for the adaptive reuse of available space to meet the needs of firms with specialized requirements in industries offering substantial job creation potential to the area on or south of Canal Street. Empire State Development (ESD) has been drawing on LMDC's \$143 million sub-allocation since August 2003.

TOTAL COST OF PROGRAM. ESDs Action Plans allocate \$175 million to WTC JCRP. This \$143 million was allocated to the program by LMDC through Partial Action Plan 2 (this was subsequently reduced by \$7 million), bringing the total program fund to \$318 million.

#### **Location Description:**

On or South of Canal Street

# **Activity Progress Narrative:**

72 companies have committed to retaining 66,750 jobs in Lower Manhattan of which 13,220 were jobs attracted from other parts of NYC. In addition, these companies have committed to creating 5,173 new jobs in Lower Manhattan of which 3,553 are being created by companies newly relocating Downtown. As part of the commitment of these companies, 15,057 NYC jobs outside of Lower Manhattan have been retained, some of which were WTC companies directly displaced by the 9/11 attacks." Since 12/31/15, ESD and NYCEDC are no longer accepting requests for new JCRP grant offers in accordance with the program offer deadline that had been in place.

JCRP is not expected to be closed for another 10 years as there are still funds to be disbursed and there is a 10 year compliance requirement for the final recipients of funds, as such this program remains open and is ongoing. A recoupment by ESDC from a prior recipient has resulted in a credit of \$2,500 for the period.

Further small recoupments are expected to be made.

## **Activity Description:**

SMALL FIRM ATTRACTION AND RETENTION GRANT PROGRAM (SFARG) --- The Small Firm Attraction and Retention Grant Program (SFARG) was an initiative designed to assist businesses and not-for-profit organizations with 200 or fewer employees located south of Canal Street in Lower Manhattan. SFARG provided cash grants to eligible entities that committed to leasing space and employing people south of Canal Street for a minimum of five years. The program provided assistance ranging from \$3,500 to \$5,000 per employee. Businesses that were located south of Canal Street as of September 11, 2001 and committed to stay downtown at least 5 years could also qualify for the program.

The final application deadline was June 2005. Applications for initial SFARG disbursements are no longer being accepted. Partial Action Plan 2 as amended on September 27, 2006 reduced the funding for SFARG by \$21 million from \$50 million to \$29 million.

## **Location Description:**

The area on the south side of the line beginning at the intersection of the Hudson River with the Holland Tunnel, and running thence east to Canal Street, then running along the centerline of Canal Street, to the intersection with Rutgers Street, and thence running along the Centerline of Rutgers Street to the East River.

#### **Activity Description:**

LMDC RESIDENTIAL GRANT PROGRAM --- Background: The World Trade Center disaster had an immediate negative impact on the housing market in lower Manhattan, which resulted in a significant increase in vacancy rates. The residents of lower Manhattan, particularly in the area south of Chambers Street and west of Nassau and Broad Streets including Battery Park City (¿Zone 1¿), face a number of concerns regarding the effects of the tragedy such as quality of life issues, transportation issues, and the disruption caused by ongoing construction that will be necessary to rebuild lower Manhattan. As part of the recovery process, the economic impact of many of these issues is being addressed through existing grant programs administered by FEMA, as well as recovery efforts by other Federal, State, and City agencies. Unfortunately, when the initial criteria for this program were first introduced, the lower Manhattan housing market remained depressed despite the efforts that were being made in the area. The United States Housing Market Conditions Regional Activity Report issued by HUD reported that lower Manhattan rental rates were down approximately 10 to 15%. After September 11, 2001, approximately one-third of Battery Park City rental tenants did not return to their apartments. Some rental prices fell 30 percent in Battery Park City and rents in the Financial District fell from 16 to 21 percent on average. Owner-occupied housing saw a similar downturn in the aftermath of the tragedy. Real estate agents estimated a 10 percent to more than 25 percent drop in apartment prices between September and December 2001. By January, very few units had sold in Battery Park City while some were still listed at 15 percent below September prices. Purpose of Program: Lower Manhattan¿s residential population is essential to the continued viability of the area; s businesses. Increased housing vacancy rates have a significant negative impact on the area; s economic recovery. Increasing vacancies in the rental and owner-occupied housing markets begin a downward economic cycle, reducing business activity, which in turn makes housing in the area less attractive. Development of an effective program to encourage individuals to remain in, or move to, housing in lower Manhattan requires the creation of significant incentives to encourage individuals to renew existing leases, sign new lease agreements, or purchase residential units. Without such a program, the perceived disadvantages of lower Manhattan as a housing location would continue to adversely impact the area¿s

housing market and commercial activity. The Residential Grant Program incentive program outlined in this Partial Action Plan meets these goals. Response to the Draft Assistance Plan for Individuals first announced in February 2002 was immediate and positive. Although Battery Park City¿s occupancy rate fell to 60% after the disaster, its occupancy rate ¿rose by several percentage points, to 74 percent, ¿ a few weeks after the Draft Assistance Plan for Individuals was released for public comment. In general, anecdotal evidence from building owners and prospective tenants shows that, after the plan was announced, there was a substantial increase in interest in apartments in the lower Manhattan area. Area Characteristics: The population of the area south of Canal Street is diverse. Approximately half of the area; s residents live within walking dance of their place of employment. Residential income characteristics ect the area; s industry mix, which includes a significant number of financial service businesses, small manufacturers (including garment producers), restaurants, retailers, and providers of professional and personal services. For example, residents of the area east of Broadway and south of Canal Street have a median household income that is lower than the area west of Broadway, which is characterized by relatively high household incomes. The area of lower Manhattan adjacent to the World Trade Center was attractive to urban professionals because of the presence of the major transportation hub at the World Trade Center and major shopping and service areas located at the World Trade Center and the World Financial Center. These attributes were complimented by the presence of attractive residential units in locations like Battery Park City and Tribeca. In Tribeca alone, more than 5,000 units were converted to housing from other purposes in the 1990¿s. The areas of Chinatown, Little Italy, and parts of the Lower East Side have historically been a major residential entry point for immigrants in New York City and include predominantly lower and middle income households. While parts of this area are not south of Canal Street, this area experienced significant inconvenience, disruption, and economic hardship as a result of September 11th. Criteria for Assistance: This program offers substantial financial incentives to offset the perceived and real disadvantages of living in lower Manhattan. To encourage individuals to sign or renew leases or purchase or retain housing, in lower Manhattan, the following categories of grants are proposed: Two-Year Commitment-Based Grants: Items 1 ¿ 6 - These grants provide an incentive to individuals to make a two-year commitment to lower Manhattan. This twoyear commitment by residents stabilizes the residential communities adversely impacted by the September 11th tragedy. 1. Rental units and owner occupied housing within Zone 1 (Zone 1 is defined as the area south of Chambers Street and west of Nassau and Broad Streets, including all buildings which face on those streets and the entirety of Battery Park City) will be eligible for a grant of 30% of the monthly rent (or mortgage payments, plus maintenance costs and real estate and related taxes for owner occupied units), up to \$12,000 over two years. To provide maximum benefit to lower income individuals in the area, the Plan provides a minimum grant of \$4,000 per assisted unit over two years. However, no residents will receive grants in excess of their total two year payments. 2. Rental units and owner occupied housing within Zone 2 (Zone 2 is defined as the area outside Zone 1 but south of Canal Street and southwest of Rutgers Street, including all buildings which face on those streets) will be eligible for a grant of 30% of the monthly rent (or mortgage payments, plus maintenance costs and real estate and related taxes for owner occupied units), up to \$6,000 over two years. To provide maximum benefit to lower income individuals in the area, the Plan provides a minimum grant of \$2,000 per assisted unit over two years. However, no residents will receive grants in excess of their total two year payments. 3. To be eligible for the grants related to rental units described in Items 1 & 2, all applicants must meet the following criteria: - The unit must be occupied by the plcant and the applicant must comply with one of the following two options: (a) The applicatms have entered into at least a two-year lease commencing prior to July 1, 2002 and ending on or after May 31, 2003; or (b) The applicant must have entered into at least a two-year lease commencing on or after July 1, 2002 and on or before May 31, 2003. - To be eligible for the program under option (b), the following rent restrictions apply: - Rents paid by tenants in rent-regulated units may not be more than the legally permitted rents for rent-regulated units. - Rents paid by tenants in non-rent-regulated units may not be more than the following: - In Zone 1 --90% of pre-9/11/01 rents for the same rental unit, plus an adjustment equal to the level of rent increases set for two-year renewal leases by the New York City Rent Guidelines Board. - In Zone 2 -- 95% of pre-9/11/01 rents for the same rental unit, plus an adjustment equal to the level of rent increases set for two-year renewal leases by the New York City Rent Guidelines Board. - These rent restrictions do not apply to newly constructed units coming on line after September 11, 2001 or to units whose rent-regulation status changed or will change between September 11, 2001 and June 1, 2003. - Going forward, these rent restrictions may be adjusted to reflect market conditions. - Leases of existing tenants where the term of the lease is or has been renegotiated will only be eligible if their term expires at least two years after the effective date of the renegotiated lease or at least two years after the date the renegotiated lease was executed, whichever is later. - Tenants must show that their rental payments are up to date (or have otherwise been lawfully placed in escrow). - Payments under the program will be made directly to eligible tenants for up to two years. - One grant will be made per housing unit. - Additional eligibility criteria regarding health, safety, and habitability of buildings may be applied to this program. 4. To be eligible for the grants related to owner occupied housing described in Items 1 & 2, all applicants must meet the following criteria: - The unit must be occupied by the owner applicant and the owner applicant must comply with one of the following two options: (a) Existing owners must agree to remain for at least two years after July 1, 2002; or (b) New owners who purchase on or after July 1, 2002 and on or before May 31, 2003 must agree to remain for at least two years. - Only owner-occupied residences will be eligible for assistance. Owners who lease out their residences will not be eligible for this assistance, but their tenants will be eligible if they satisfy the criteria set forth in Item 3. See Item 5 for possible exceptions. - Existing owners who have completed the payment of their mortgages will be eligible for a grant of 50% of monthly maintenance costs and real estate and related taxes, up to the maximum amounts of \$12,000 or \$6,000 over two years. - Owners must show that mortgage, maintenance, and real estate and related tax payments are up to date (or have otherwise been

lawfully placed in escrow). - Payments under the program will be made directly to eligible owners for up to two years. - One grant will be made per housing unit. - Additional eligibility criteria regarding health, safety, and habitability of buildings may be applied to this program. 5. Units leased or owned for residential purposes by corporations, universities, and other dsinaed institutions may be subject to special criteria. These units will only be eligible fr hegrnts described in Item 1 and Item 2. 6. LMDC will determine whether buildings are in compliance with the criteria of this program (i.e. offering two-year leases and complying with the rent restrictions outlined in Item 3), before its housing units will be deemed eligible. This certification process may vary for certain subsets or categories of buildings. One-Time Grant Per Housing Unit for September 11, 2001 Residents: Item 7 - These grants for residents of lower Manhattan who have continued to live in the area since September 11th provide an additional incentive for them to remain. These grants recognize the value of their commitment to remain in lower Manhattan despite the significant inconvenience, disruption, and economic costs that these areas have sustained since September 11th. Their continued residence has supported the immediate and surrounding residential and business communities during this period. 7. A one-time grant of \$1,000 is available per currently occupied housing unit in Zone 1, Zone 2, or Zone 3 is defined as: the area north of Canal Street and Rutgers Street; south of Delancey and Kenmare Streets; and east of Lafayette Street in Manhattan, including all buildings which face on those streets with the exception of Canal Street and Rutgers Street). Applicants for this one-time grant must have resided in rental units or owner occupied housing in Zone 1, Zone 2, or Zone 3 prior to September 11, 2001 and continue to reside in Zone 1, Zone 2, or Zone 3 through the date of application and the date of award. Residents who relocated within or between the eligible zones will be eligible for this grant. One-Time Grant Per Housing Unit for Families: Items 8 - 10 These grants provide an incentive to families to make at least a one-year commitment to live in lower Manhattan, recognizing that keeping and attracting families is crucial to the stability and vitality of lower Manhattan. 8. Eligible rental units and owner occupied housing within Zone 1 whose household includes one or more children under age 18 at the date of their application will be eligible for an additional family grant of \$1,500. One grant will be made per housing unit. The additional eligibility criteria for these grants are described in Item 10. 9. Eligible rental units and owner occupied housing within Zone 2 and Zone 3 whose household includes one or more children under age 18 at the date of their application will be eligible for an additional family grant of \$750. One grant will be made per housing unit. The additional eligibility criteria for these grants are described in Item 10. 10. To be eligible for the family grants described in Items 8 & 9, all applicants must meet the following criteria: - The unit must be occupied by the applicant and the identified child(ren) and the applicant must comply with one of the following four options: (a) The applicant must have entered into at least a two-year lease commencing prior to June 1, 2002 and ending on or after May 31, 2003; or (b) The applicant must have entered into at least a one-year lease commencing on or after June 1, 2002 and on or before May 31, 2003; or (c) Existing owners must agree to remain for at least one year after June 1, 2002; or (d) New owners who purchase on or after June 1, 2002 and on or before May 31, 2003 must agree to remain for at least one year. Supplemental Assistance: Item 11 - 11. Abatements and subsidies for the same purpose as the grants in this program will be factored into the determination of eligibility and the calculation of grant amounts for all types of grants. AMENDMENT TO ACTIVITY-- In September 2006, LMDC amended PAP 1 to reduce the allocation by \$43,000,000 to reflect actual disbursements and a small reserve. RESULTS-- LMDC provided over \$227 million in grants to over 65,000 households. The program officially ended on August 31, 2005.

## **Location Description:**

For the purposes of the Grant Program the area of focus has been divided into three zones. These zones are as follows: Zone 1 is defined as the area south of Chambers Street and west of Nassau and Broad Streets, including all buildings which face on those streets and the entirety of Battery Park City. Zone 2 is defined as the area outside Zone 1 but south of Canal Street and southwest of Rutgers Street, including all buildings which face on those streets. Zone 3 is defined as: the area north of Canal Street and Rutgers Street; south of Delancey and Kenmare Streets; and east of Lafayette Street in Manhattan, including all buildings which face on those streets with the exception of Canal Street and Rutgers Street.

#### **Activity Progress Narrative:**

During the Quarter, LMDC reallocated the residualt balance from this activity to the Ecocnomic Development activity (ECON-1301).

#### **Activity Description:**

EMPLOYMENT TRAINING ASSISTANCE PROGRAM --- An array of job training programs was provided through new and existing workforce development programs to help individuals affected by September 11th obtain basic skills needed for employment in the New York City area. For example, New York State received a \$25 million National Emergency Grant from the federal government to provide job training, placement services, career counseling, resume preparation, and access to job banks to individuals impacted by the tragedy. The grant, provided through the New York State Department of Labor to 14 organizations offering these services, helps workers dislocated as a result of the tragedy transition back into the workforce. In addition, unemployed individuals may receive training vouchers valued at \$5,000 through the Workforce Investment Act for training that prepares them for jobs that are in occupations in high demand. However, to be effective in specific employment settings, new and existing employees often require specific skills not taught in traditional classroom training programs. The customized training needed by individuals for their particular jobs involves special preparation, often in on-the-job settings in the use of proprietary work or production techniques. The Employment TRaining Assistance Program provided grants to train current and prospective employees of businesses and not-for-profit organizations in the area south of 14th Street. Such grants prioritized individuals affected by September 11th, specifically individuals who lost wages and worked below Houston Street on September 11th, providing them with the skills they need to succeed at the specific work processes found at those businesses. The Employment Training Assistance Program was administered by the Empire State Development Corporation and served 303 employees in 10 firms, including businesses and not-for-profit organizations in the area south of 14th Street. --AMENDMENTS TO THIS ACTIVITY -- LMDC's Partial Action Plan 1 included a \$10,000,000 allocation for Employment Training Assistance Program (ETAP). The ETAP allocation was reduced to \$500,000 in Amended PAP 4 because demand was lower than originally anticipated. In September 2006 PAP 1 was amended to further reduce the allocation by \$154,000 to \$346,000. Program eligibility has ended and the reduced allocation reflects the actual amount disbursed.

## **Location Description:**

The geographic area of focus of the ETAP program is businesses and organizations located in the area south of 14th Street in Manhattan. The grants will prioritize individuals affected by September 11th, specifically individuals who lost wages and worked below Houston Street on September 11th.

## **Activity Progress Narrative:**

During this quarter LMDC reallocated the remaining balance to the Economic Development activity (ECON-1301).

## **Activity Description:**

PROJECT DESCRIPTION: LMDC has allocated \$49,981,689 for the Neighborhood Parks And Open Spaces program in Lower Manhattan. The first phase of the Open Spaces program began in 2003 and includes improvements at Wall Street Triangle, Coenties Slip, Old Slip, Washington Market Park, Tribeca Park, Battery Park Bosque, Drumgoole Plaza, Brooklyn Bridge Plaza, Columbus Park, Sara D. Roosevelt Park, Bowling Green, Al Smith Playground, and the East River Park ball fields. New Parks and Significant Enhancements - Wall Street Triangle has been significantly greened with planting beds, flowering trees, and an expanded sidewalk. The Coenties Slip project created a permanent public space from an unused roadbed. The Battery Bosque is a newly designed portion of an existing park that now includes an ornamental garden, evening lighting, and a fountain. The Bosque complements other improvements in Battery Park such as the renovation of historic Castle Clinton. The Brooklyn Bridge Plaza and Drumgoole Plaza projects removed parking spaces and replaced traffic barriers to expand and improve the public space. Major Rehabilitations - The Central Lawn of Washington Market Park, a major destination in a heavily residential neighborhood, was reconstructed with new turf and an irrigation system. Bowling Green, America's first park was completely refurbished. Portions of Columbus Park have been reconstructed and new amenities in this heavily used Chinatown park include benches, game and picnic tables, drinking fountains, and lighting. The East River Park project reconstructed ball fields. --The second phase of parks capital improvements began in 2006 and include: Washington Market Park Comfort Station, Collect Pond Park, Sara D. Roosevelt Phase 2, Allen and Pike Street Malls, James Madison Park, Battery Park, and Canal Varick Laight Park. PROJECT SUPPORT AND OUTREACH: Community Board 1 contributed insight into residents' needs for the area at meetings and through written correspondence. Input was solicited and received from organizations such as the Alliance for Downtown New York, the Real Estate Board of New York, and the Association for a Better New York, the Partnership for New York City, Wall Street Rising, and the American Institute of Architects. Major area firms and property owners were also consulted to determine specific needs and ways to facilitate and sustain economic growth. The City of New York Mayor's Office compiled input from a number of sources and a range of constituencies, determining areas of overlap and greatest need. PROPOSED BENEFICIARIES: The creation of open spaces and neighborhood parks will provide public facilities that add to the quality of life for all communities in lower Manhattan and draw residents and visitors to the area, which will also contribute to the rehabilitation of Lower Manhattan. These projects will provide immediate relief to Lower Manhattan residents, businesses, workers, students, and visitors by improving accessibility in and around Lower Manhattan and enhancing the quality-of-life in Lower Manhattan, making this a more attractive place to live, work, and visit. Community Board 1 and 3 comprise the proposed Lower Manhattan project area. Community Board 1 has the highest population growth rate of the city's 59 community boards, with increases of 100%, 59%, and 35%, over the last three decades respectively. According to the 2000 Census, the population is 34,420 residents, with over 6,791 families. A dire need for additional parks has repeatedly been identified by Community Board 1 in its annual Statement of Needs, particularly on the district's east side where virtually no park space is available. In addition to its growing residential population, the area hosts hundreds of thousands of tourists annually, making improved public spaces essential to the sustainability of the area. In contrast, further east, Community Board 3 consists of predominantly low- and moderate-income households and has the third lowest median income in Manhattan. Community Board 3 has a long tradition of ethnic, economic, and cultural diversity and with a population of 164,407 according to the 2000 Census is one of the City's most densely populated areas. The need for additional parkland and the rehabilitation of existing parks has been identified as a high priority of the Community Board. Enhanced parks and new green spaces across the residential communities throughout Lower Manhattan will serve as a catalyst for the redevelopment of Lower Manhattan by providing public facilities for local workers, a draw for businesses, and an improvement in the quality of life for downtown's growing residential population. They will also provide a significant destination for visitors by capitalizing on downtown's magnificent waterfront setting, unique architectural character, and important historical context.

#### **Location Description:**

Wall Street Triangle- Wall Street, Pearl and Water streets; Coenties Slip- Coenties Slip, Pearl and Water streets; Tribeca Park-Beach Street, 6th Ave, and Ericsson Place; East River Park Ballfields- Montgomery-Houston Street and FDR drive; Drumgoole Plaza- Frankfort and Gold Streets; Brooklyn Bridge Plaza- Avenue of the Finest, Frankfort St, and Park Row. Improvement will be made up to Chatham Square; Sara D. Roosevelt Park- Forsyth, Canal, Chrystie, and E. Houston; Bowling Green- Broadway and Whitehall Street; Al Smith Playground- Catherine, Madison, to Oliver Street; Washington Market Park- Greenwich and Chambers Streets; Old Slip- Old Slip, Water, and FDR; Louise Nevelson Plaza - Maiden Lane, Liberty St, William St. PHASE 2: Lower Manhattan, bounded by West Street to the west, the East River to the east, and generally between the Brooklyn and Manhattan Bridges. The Allen and Pike Street Malls extend from the East River, up along Pike Street to Canal Street, where they become the Allen Street Malls and extend northward to Houston Street.

## **Activity Progress Narrative:**

Phase 1

All work related to the first phase of the Parks and Open Spaces Project under this program has been completed.

The New York City Department of Parks and Recreation has informed LMDC that no additional reimbursement requests will be submitted related to Phase 1 and no reimbursement requests were paid or received this quarter. The remaining Phase 1 funds are in process of being reallocated in accordance with LMDC Board authorization pending HUD approval.

#### Phase 2

As for Phase 2, all work has been completed on Canal Varick Light Park, Sarah D. Roosevelt/Hester Street Playground, Collect Pond Park, Washington Market and Allen Street/Pike Street Mall. Punch list work remains ongoing at James Madison Plaza. The Battery Carousel is complete and open to the Public. All reimbursement requests related to this project were submitted and paid.

LMDC received the supporting documentation needed to process and pay a \$573,000 reimbursement request. The remaining Phase 2 funds are in process of being reallocated in accordance with LMDC Board authorization pending HUD approval.

Once HUD approval is obtained, these subrecipient agreements will be deemed inactive and this activity will be closed.

#### **Activity Description:**

--WEST STREET PEDESTRIAN CONNECTIONS-- This project constructed a temporary pedestrian bridge near the intersection of Vesey and West Streets and provide enhancements to the current bridge and walkway at Liberty Street. This improvement fostered safe pedestrian flows across West Street, as well as handled the expected high volumes of pedestrians that use this crossing daily since PATH service was restored in December of 2003. The former North Bridge, which connected the World Trade Center site to the World Financial Center, was entirely destroyed by the terrorist attacks on September 11, 2001. This bridge was a major connection between the World Trade Center PATH Terminal (which served an estimated 67,000 in-bound PATH riders daily before it was destroyed on September 11, 2001) and the heavily utilized offices at the World Financial Center. During peak hours, 6,000 people per hour utilized the pedestrian bridge prior to September 11th. Since the attacks, the number of pedestrians crossing West Street at the Vesey Street intersection has steadily recovered from levels immediately after the attacks, and it is expected that as the area around the World Trade Center continues its recovery, these numbers will continue to rise. As PATH riders arrived at the World Trade Center and crossed West Street to reach the World Financial Center, a replacement for the destroyed bridge was needed in order to safely and efficiently serve the estimated 6,500 pedestrians that utilized the West Street-Vesey Street intersection hourly. This project benefited businesses, workers, residents, and visitors in Lower Manhattan. In 2010, an amendment to Partial Action Plan 4 expanded the scope of the West Street Pedestrian Connections project to include pedestrian management services in order to mitigate the impact of construction on and around West Street including World Trade Center construction.

#### **Activity Description:**

LOWER MANHATTAN INFORMATION PROGRAM--LMDC proposes to allocate \$1,270,000 for the Lower Manhattan Information Program (LowerManhattan.info) for an additional year of funding from 2004 through 2005. In Partial Action Plan 5 LMDC allocated \$1,300,000 for the LowerManhattan.info, bringing agregage amount allocated to \$2,570,000. LowerManhattan.info provides people who live in, work in, and visit Lower Manhattan with a single source of essential news and information about the area and its recovery. It is led by the City of New York in partnership with the LMDC, New York State, and the federal government in conjunction with partner agencies and organizations at the local, state, and federal level. In the months following the attacks of September 11th, information about the area; s recovery was widely available; however, many of Lower Manhattan; s residents and workers did not feel that it was reliable. Moreover, there was no one place where people could turn for a comprehensive overview of available information. LowerManhattan info was created in response to a significant demand for a credible, ¿one-stop¿ source of information regarding Lower Manhattan¿s recovery from the terrorist attacks of September 11th. In its first year, LowerManhattan.info was funded by the Federal Emergency Management Agency (FEMA), LMDC subsequently allocated funds to support this project in Partial Action Plan 5 during its second year. In this Partial Action Plan, LMDC proposes to allocate funds for an additional year. While Lower Manhattan continues to undergo its redevelopment, revitalization, and transformation into a 21st Century central business district and 24/7 mixed-use community, there is a continuing demand for constant and consistent communications outreach. LowerManhattan.info¿s aim remains to serve all those who live in, work in, and visit Lower Manhattan, below Houston Street. These communities are distinct and large, including neighborhoods stretching from Tribeca to Chinatown and Battery Park City to SoHo, as well as businesses ranging from Fortune 500 companies to small technology start ups to owner run corner delis. Moreover, LowerManhattan.info also aims to serve Lower Manhattan¿s culturally diverse populations by its availability in English, Chinese and Spanish. As a government agency, LMDC has its own website www.renewnyc.com that communicates the day-to-day activities of the rebuilding efforts as they relate LMDC activities. This includes all public documents relating to the Environmental Review Process, Board Meetings, outreach to family members and a general archive of past and present initiatives and public meetings. However, unlike LMDC¿s website, LowerManhattan.info focuses on how redevelopment projects affect Lower Manhattan residents and employees as well as puts forth a comprehensive newsletter and website involving all aspects of living and working in Lower Manhattan, not just LMDC initiatives. Program Objectives LowerManhattan info is an integrated campaign designed to deliver information on the rebuilding of Lower Manhattan. The centerpiece of the program is a comprehensive website, www.LowerManhattan.info, which offers regularly updated news and information for area residents, workers, and visitors. Topics include rebuilding plans and progress; transportation and transit; health, safety, and security; downtown business; community involvement opportunities; things to do; and Lower Manhattan history. The site receives approximately 4,000 visitors daily, with 130,000 visitors reported in September 2004 alone. LowerManhattan.info also integrates construction information into its website. Other information vehicles issued through the public information program include a quarterly color newsletter (increasing production to 250,000 from 200,000 per issue) which is

distributed directly to more than 400 Lower Manhattan businesses, community organizations, schools, city agencies, and cultural institutions, along

## **Location Description:**

Manhattan south of Houston Street.

## **Activity Progress Narrative:**

During the quarter LMDC reallocated the remianing balance to the Economic Development activity ECON-1301.

#### **Activity Description:**

In 2004, as part of LMDC's environmental obligations for the World Trade Center site, LMDC entered into an agreement regarding historic resources with the NYS Historic Preservation Office and the federal Advisory Council on Historic Preservation ("the Programmatic Agreement"). Under this agreement, if an historic resource is found during the site's reconstruction, state and federal officials need to be notified and a mitigation plan developed for the historic resource, subject to consultation with approximately 40 consulting parties identified in that agreement.

On July 13, 2010 archaeologists monitoring excavation of the WTC Site observed the curved timbers of the lower hull of what proved to be the stern of an 18th century ship. After the remnants were uncovered, LMDC assembled a team of ship experts and conservators to develop and execute a short-term mitigation plan so the ship could be removed from the site in a controlled manner before its condition was threatened by exposure to the elements. The effort included protecting, recording, excavating, disassembling, packaging, and removing the vessel's components and associated artifacts from the project site.

A year later remnants of the bow were discovered on the site. As a result of LMDC's efforts, remnants from both the bow and stern are currently in stable condition and are being stored at the Center for Maritime Archaeology and Conservation at Texas A&M University.

The NYS Historic Preservation Office has determined the ship is eligible for listing on the National Register of Historic Places. Only about a dozen colonial-era merchant ships have ever been professionally recorded nationwide. The WTC Ship is significant for its association with the rise in prominence of New York's port during the late 18th century, its association with the development of New York City's Hudson River shoreline, and for being an early example of a Hudson River Sloop.

After all the ship's materials were removed and analyzed, LMDC contacted institutions in the New York metropolitan area to determine their interest in displaying the WTC ship. The institution that expressed the greatest interest was the New York State Museum in Albany. The Museum intends to make the ship a centerpiece. The museum already displays a collection of materials from the World Trade Center and objects from the international response to the events of September 11, 2001.

LMDC has amended the Final Action Plan and Partial Action Plan 11 to re-allocate up to \$2,100,000 from the

Community and Cultural Enhancement Funds to provide for the preservation, reconstruction, and display of the World Trade Center Ship. This work may include analysis, cleaning, stabilization, freeze drying, reconstruction, potential fabrication of missing parts, assembly of an exhibit, and preparation of interpretive materials. Because this phase of the work is expected to last as many as seven years, it is expected that LMDC would begin this work using its consultants and would later transfer ownership of the ship to the Museum and the Museum would complete the work through its Subrecipient agreement.

The proposed transfer of the ship to the Museum for public display, which constitutes the proposed mitigation effort required by the 2004 agreement regarding historic resources preservation, is subject to consultation with the State Historic Preservation Office, the federal Advisory Council on Historic Preservation, and "consulting parties" which have been identified to consider World Trade Center historic issues. LMDC staff would consider the comments of the consulting parties before modifying or finalizing the mitigation plan, as appropriate.

This plan would constitute the full mitigation required by the April 22, 2004 Programmatic Agreement for the WTC Memorial and Redevelopment Plan and would not cause any significant adverse effects under the State Environmental Quality Review Act.

#### **Location Description:**

WTC, Texas A&M, and State of NY Museum (Albany, NY)

## **Activity Progress Narrative:**

The contract between Texas A&M and LMDC was executed in August 2016. Texas A&M is preserving and restoring the Ship for eventual transport to The Museum of Albany for display. We plan to finalize the subrecipient agreement with the The State Museum of Albany (Museum) later in 2016.

Expenses incurred throughout this past quarter were primarily for legal and environmental work performed by LMDC consultants. No payments have been made to date to either Texas A&M or the Museum.

#### **Activity Description:**

LMDC allocated \$60,004,000 for the planning and development of the World Trade Center Performing Arts Center. This proposed cultural building on the rebuilt WTC Site will provide a variety of important uses as part of the overall redevelopment plan. The Performing Arts Center will help create a world class visitor destination that will contribute to the economic development of the site and the area, while improving the quality of life for those who live and work in Lower Manhattan. Programming will be broad and diverse, and will serve both businesses and residents. Initially The Performing Arts Center was proposed to contain a 1,000 seat theater venue that considered housing the Joyce Theater as well as a 200+ seat second theater. A smaller building is now being planned. Public spaces and activities that will be part of the Performing Arts Center could include educational programs for school groups and community workshops. The Performing Arts Center is also expected to house rehearsal space for both in house rehearsals as well as for the large arts community in New York and specifically in Lower Manhattan.

The work on the Performing Arts Center, which began in 2004, is continuing and includes activities such as planning, determination of subgrade requirements, and coordination with the Port Authority of New York and New Jersey on the WTC site.

In November 2010, the LMDC Board allocated an additional \$100 million in Grant #2 for PAC construction costs and PAC-related strategic planning efforts in the future. Approximately \$1 million would be used to support (i) the creation and administration of a non-profit entity dedicated to the PAC (PAC, Inc.) that would be governed by a Board of Directors and operate with some key staff, and (ii) strategic planning costs related to further study and development of the PAC. The bulk of the allocation, \$99 million, would be used for the future construction costs of the PAC, subject to successful achievement of strategic planning milestones, which must include (i) the creation of the non-profit PAC, Inc., (ii) the constitution of a PAC, Inc. Board of no less than five members, and (iii) funding of at least \$25 million committed by those PAC, Inc. Board members. It is contemplated that the PAC, Inc. Board would

later raise additional private funds to supplement the federal funds being committed by LMDC.

# **Location Description:**

PROJECT AREA--The WTC Plan Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) two adjacent city blocks south of the WTC Site (one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets), Washington Street between Liberty and Cedar Streets, and subsurface portions of Liberty Street and other streets in and around those blocks (collectively, the "Southern Site").

#### **Activity Progress Narrative:**

During this quarter, five reimbursement requests were paid to WTC PAC, Inc. with approximately \$689,000 charged to Grant 2 and approximately \$80,000 charged under this activity. Over \$60,000 was paid towards cost estimating work performed. The WTC PAC, Inc. organization continues to move forward and named a new chairperson, Barbara Streisand. WTC PAC, Inc. also received a pledge of \$75M from the Ronald Perelman Foundation in support of the PAC construction and ongoing operations. The approval of the Conceptual design during this period has allowed the Design Team to proceed into the Schematic Design phase. Schematic Design work is anticipated to last through to the end of the year.

#### **Activity Description:**

--WORLD TRADE CENTER MEMORIAL AND MEMORIAL MUSEUM-- This project is part of the World Trade Center Memorial and Cultural Program, which also includes the Memorial Museum (W-MUS-0171), 130 Liberty Street (130L-0171), Southern Site (SSite-0171) and the Performing Arts Center (W-ART-0171). LMDC is committed to the development of an appropriate memorial and museum to commemorate the events of September 11. This program includes the planning and construction of a Memorial and Memorial Museum, and the planning and possible construction of memorial-related improvements and cultural uses at the Site. LMDC conducted an international competition on a Memorial design, and in January 2004 announced the selection of Reflecting Absence by Michael Arad and Peter Walker, two reflective pools set in the footprints of the WTC and surrounded by an open plaza of trees. LMDC and the National September 11th Memorial and Museum at the World Trade Center (Foundation) engaged in a broad spectrum of activities contributing to the planning, design, and implementation of the Memorial and Memorial Museum. The funding provided by LMDC and its partners has primarily been used for planning, design and construction of the Memorial and Memorial Museum. In addition, funding also provides for multimedia exhibitions, and three annual productions of Tribute in Light in 2012, 2013, and 2014. In the Tribute in Light production two beams of light rise from a site near the WTC site into the night sky to honor those lost on September 11th and to celebrate the spirit of all the New Yorkers who have worked to rebuild and renew New York City.

#### ALLOCATIONS IN PARTIAL ACTION PLAN FOR THE MEMORIAL AND MEMORIAL MUSEUM--

LMDC has allocated a total of up to \$325,029,972 for the National September 11th Memorial and Museum at the World Trade Center.

The allocation includes the following: Partial Action Plan 8 (\$64,525,972), Partial Action Plan 11 (\$75,000,000), Partial Action Plan 12 (\$100,100,000), Final Action Plan (\$45,810,000), and Partial Action Plan S-2 (\$39,594,000).

--BENEFICIARIES--The tens of thousands of relatives and friends of the nearly 3,000 victims of September 11, 2001

and February 26, 1993 will benefit from the memorial and museum to honor their loved ones. Others immediately affected by the events, including survivors, area residents and workers, will equally benefit from the project. This project has and will continue to also benefit the millions of visitors to the memorial and museum, which will allow them to honor those who were killed in the attacks. The memorial and museum fosters greater public awareness of the events of February 26, 1993 and September 11, 2001, and their impact on the victims' families, survivors, area residents, New York City, and beyond.

- --SCHEDULE The Memorial opened on September 11, 2011 and the Museum opened in May 2014. The Memorial and Cultural Program began in 2004 and will extend into 2016, including the planning, design, and development of the cultural institutions on the site.
- --FEDERAL AND OTHER RESOURCES--The Memorial and Memorial Museum are funded with a combination of public investment and private funds donated by individuals and groups to the National September 11th Memorial and Museum at the World Trade Center Foundation, Inc. (NS11MM). The NS11MM uses its own resources to engage in fundraising for both public sector and private sector funds, and individual donations, to accomplish its mission.
- --TOTAL ESTIMATED COST--The total estimated LMDC cost for this activity, including funds provided in Partial Action Plans 8, 11, 12, S-2 and the Final Action Plan for ongoing design, construction, program planning, multimedia exhibitions, and Tribute in Light Productions is up to \$325,029,972.

## **Location Description:**

--PROJECT AREA--The WTC Plan Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) two adjacent city blocks south of the WTC Site (one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets), Washington Street between Liberty and Cedar Streets, and subsurface portions of Liberty Street and other streets in and around those blocks (collectively, the "Southern Site").

## **Activity Progress Narrative:**

During this quarter, LMDC continued to work with the Memorial Staff to finalize the processing of their one remaining reimbursement request that is under review. No additional reimbursement requests were received in this period. It is anticipated that the Subrecipient agreement will be amended in the upcoming quarter to provide additional funding for the Tribute in Light events that are held annually on 9/11.

In 2014, the Memorial & Museum welcomed over 6 million visitors to the 9/11 Memorial and nearly 2 million visited the museum, which opened in May 2014. All indications are that a similar number visited in 2015. Since opening, visitors have come from all 50 U.S states and from around the world to visit the WTC Memorial and Memorial Museum.

Match Contributed	\$0.00	\$0.00

## **Activity Description:**

PROGRAM DESCRIPTION: LMDC originally allocated \$10,420,000 and later reduced the authorization to \$9,420,000 to the East River Waterfront Access Program. The goal of the project is to connect the East River Waterfront to its closest Lower Manhattan neighborhoods of South Street Seaport, Chinatown, the Lower East Side, and East River Park. The program is critical to improving public access to and utilization of the waterfront area. The project would improve the east-west connection to the Waterfront by enhancing the historic slips of Catherine, Peck, Montgomery

and Rutgers that were once an integral part of the working waterfront and today function only as city streets and roadbeds. Once a place to berth ships for repairs and maintenance, the slips have been filled in and leave a wide corridor between City blocks. The East River Waterfront Access project will redesign Catherine Slip, Rutgers Slip, and Montgomery Slips as median open spaces with unifying elements such as seating, paving, and plantings. Peck Slips historic character will be reinforced by a new vibrant passive open space plaza with a similar planting vocabulary and punctuated by a water feature, recalling the days when the East River actually flowed into the slips. The project improves the existing conditions on these slips by providing multiple easy and attractive pedestrian access points from the waterfront to the interior of Lower Manhattan.

PROPOSED BENEFICIARIES: This project will benefit residents, workers, and visitors to Lower Manhattan with its enhanced open space. The neighborhoods directly adjacent to the project are the South Street Seaport, Chinatown and the Lower East Side, all of which would benefit from the project.

SCHEDULE: Activities related to this project began in 2006 and will continue through 2017.

ALLOCATIONS IN PARTIAL ACTION PLAN: In September 2005, \$10,420,000 was allocated in PAP 10 for this activity. In June 2009, the authorization was reduced by \$1M to \$9,420,000.

## **Location Description:**

PROJECT AREA--The project proposes east-west access improvements and enhancements to existing open spaces at Peck Slip in the South Street Seaport area; Catherine Slip and Montgomery Slip in Chinatown and Rutgers Slip in Lower East Side. North-south access improvements are made south of East River Park to the upland portion of Pier 42.

#### **Activity Progress Narrative:**

Construction of Rutgers, Montgomery and Catherine Slips is complete.

The New York City Department of Parks and Recreation (NYCDPR) and the contractor continue working on the bid documents for construction work at Peck Slip.

No additional reimbursement requests were received or paid this quarter.

Match Contributed	\$0.00	\$0.00

#### **Activity Description:**

LMDC has allocated \$154,580,000 for the East River Waterfront Esplanade and Piers Project, \$139,580,000 in Grant 1 and \$15,000,000 in Grant 2. The project involves the redevelopment of the East River Waterfront Esplanade and Piers, north of Battery Park and south of East River Park, and would revitalize Lower Manhattan communities and the East River Waterfront. The project will solve a number of issues in the area that hinder the realization of the East River Waterfronts full potential. Such issues include under-utilized spaces (parking lots below the FDR and vacant piers, the absence of sidewalks, and the lack of amenities which dramatically decreases potential visitation to the site.) The project will also fill in the missing esplanade in the Lower Manhattan Greenway between Old Slip and Peter Minuet Plaza. Once constructed, the revitalized waterfront would be an approximately two-mile esplanade that includes a mix of open space, cultural and recreational uses, providing a link between the Financial District, Chinatown and the Lower East Side to the waterfront. As a result of this project, the waters edge will be experienced in new ways along the East River. Improvements to the esplanade are meant to harmonize traditional waterfront uses with new commercial, cultural and community programming and invigorate the area with a fresh, innovative design approach. The Plan provides amenities for passive recreation. The existing bike and pedestrian paths will be improved, expanded, and realigned to provide for unencumbered movement without infringing upon other uses along the esplanade. New pavilions are planned underneath the FDR Viaduct and may accommodate a variety of retail, cultural and/or community uses to complement the public open space experience. The Plan calls for improvements to the FDR Viaduct by cladding the elevated roadway to reduce vehicular traffic noise from above and enhance the ambient lighting below. Several piers on the East River will be transformed into recreational spaces, where active water-related uses would be encouraged alongside passive recreational uses.

#### **Location Description:**

The project proposes revitalization of the area running along the East River Waterfront from Battery Park to the south, Pier 36 to the north, and South Street/FDR Drive to the east in Lower Manhattan.

#### **Activity Progress Narrative:**

The East River Waterfront Esplanade & Piers Project continues to progress as scheduled. During the quarter the subrecipient performed planning and pre-construction activities for Package 4 (Rutgers Pavilion) and some structural steel work on Pier 35. No reimbursements were paid this quarter however approximately \$274,000 in reimbursement requests were received this quarter and are under review.

#### **Activity Description:**

\$23 million has been allocated for design and construction costs related to improvements of Pier 42 and adjacent areas located between the East River Esplanade to the south and East River Park to the north. This \$14 million allocation in Grant 1 is for design and construction including the planned demolition abatement of a shed to the South of the project area. There are two other allocations of \$2 million in Grant 2 for planning and design and\$7 million for improvements described below. The specific scope will be dependent on the outcome of the planning process funded by the \$2 million allocation. In general terms, this project will likely include improvements to the area such as landscaping to increase green open space, public access to the waterfront, improved views of the landscape and NYC harbor, water dependent public activities, expansion of the bike path and greenway, and a variety of park recreational activities.

#### **Location Description:**

The project proposes revitalization of Pier 42 and adjacent areas located between the East River Esplanade to the south and East River Park to the north.

#### **Activity Progress Narrative:**

During the quarter LMDC and New York City Department of Parks & Recreation (NYCDPR) continued preparing a contract amendment which will provide an additional \$1 million for planning and design services on the project. LMDC and The New York City Economic Development Corporation (NYCEDC) also worked on the preparation of a new contract which will provide over \$5 million for the shed demolition and abatement (Phase 1A) on Pier 42.

Funding for these contracts will come from this activity.

No new reimbursement requests were paid from this grant activity during the quarter.

#### **Activity Description:**

The LMBEC will provide funding for a competitive grant program to entice start-up businesses to Lower Manhattan or support the expansion of established companies in Lower Manhattan with office space and funding opportunities. The \$4 million allocation is to provide grants ranging from \$20,000 to \$750,000 over three years, resulting in support for approximately 18 start-up companies and the estimated creation or preservation of 320 jobs.

## **Location Description:**

Lower Manhattan South of Houston Street

# **Activity Progress Narrative:**

New York City Economic Development Corporation (NYCEDC) has fulfilled the services contracted for as stipulated in the grant agreement meeting the national objective laid out therein. NYEDC administered two iterations of the Lower Manhattan Business Expansion program (aka: Take the H.E.L.M.); NYCEDC awarded stipends and winners' grants, and monitored performance goals and compliance thereafter.

The total number of businesses benefitting from the H.E.L.M Program is 38. NYCEDC continues to monitor winners' compliance as stipulated in the Winners Agreement memorandum. Compliance procedures include conducting unannounced site visits and receiving annual LL62-NYEDC Employment and Benefit Reports. Our final program reimbursement was paid in May bringing the total reimbursements made to NYEDC for the HELM program to \$2,670,000 as of June 2016. NYCEDC has indicated that no additional grants will be made and the remaining funds can be reallocated to another program which LMDC is in process of doing.

## **Activity Description:**

Project description: LMDC allocated \$16 million for the preservation and rehabilitation of 160 or more units through the Chinatown/Lower East Side Acquisition and Preservation Program (Chinatown/LES Program). The HPD administered program was created with an objective of facilitating the acquisition and rehabilitation of privately owned properties in Chinatown and the Lower East Side. This program established housing that is permanently affordable under rent stabilization. The program was focused on the acquisition of mid-size buildings (15-40 units) that currently have all or a portion of the units under rent stabilization, where average rents were under \$1,000. Eligible borrowers for this program would be non-profit residential property managers and developers, who would agree to keep units under rent stabilization for a term of 30 years. Additionally, upon vacancy, non-stabilized units must be lowered to the average stabilized rent and returned to rent stabilization. The Chinatown/LES Program aims to benefit households up to 80% of AMI. HPD planned to use the \$16 million to create a loan pool to assist in acquiring and rehabilitating at least 160 units, a maximum of up to \$125,000 per dwelling unit in acquisition funding, including LMDC program funding of up to \$100,000 per dwelling unit and additional [HPD] funding of up to \$25,000 per dwelling unit, is available to fill the gap between private debt supportable by the project and the acquisition cost over the next two to four years. Proposed beneficiaries: In response to community concerns regarding the availability and quality of affordable housing, this preservation and rehabilitation program increases the availability of affordable housing for current residents. The Chinatown/LES Program creates and preserves affordable housing for 160 or more low-to-moderate-income households throughout Chinatown and the Lower East Side. This program aims to benefit 160 or more household at or below 80% of AMI. Selection process: Income verification did not apply for current tenants of rent-stabilized units. However, all new tenants are subject to income verification upon re-rental of vacant units. To date, HPD has approved six acquisition projects and 152 units.

## **Location Description:**

The project area for the Chinatown/LES Program will be target the Chinatown and Lower East Side communities, South of Houston Street.

### **Activity Progress Narrative:**

No funds were spent during the quarter as the project remains inactive. Through the Chinatown/Lower East Side Acquisition Program, 152 affordable units in lower Manhattan were preserved. LMDC continued working with the New York City Housing, Preservation and Development (NYC HPD) to discuss how best to use the remaining \$800,000 in this contract. LMDC and NYC HPD plan to amend this contract in order to use these grant funds in conjunction with a new Affordable Housing program to continue to preserve affordable housing in the Chinatown and the lower East Side neighborhoods.

#### **Activity Description:**

PROJECT DESCRIPTION: LMDC has allocated \$12,000,000 to the New York City Housing Preservation Department to identify and administer projects that (1) provide affordable housing for low, moderate and middle income residents through the preservation of Mitchell Lama or other affordable housing complexes, acquisition of new land or properties for affordable housing or the creation of incentives for the private sector to develop affordable housing; (2) are located in Lower Manhattan; (3) spend approximately \$200,000 per dwelling unit preserved or created; and (4) are consistent with the goals and principles outlined in HPDs The New Housing Marketplace: Creating Housing for the Next Generation. SCHEDULE: Projects funded by the Affordable Housing Program were originally expected to be identified by December 31, 2012. The program is being redefined to meet current market conditions. PROGRAM OBJECTIVE: The creation of affordable housing is as a key component of a strong and vibrant Lower Manhattan community. As stated in LMDCs Principles and Revised Preliminary Blueprint for the Future of Lower Manhattan expanding the residential population [would] create a strong sense of community throughout Lower Manhattan, and this housing must be for a wide variety of income levels. The Affordable Housing Program would help achieve that outcome. BENEFICIARIES: The Affordable Housing Program will benefit moderate and low income residents of Lower Manhattan. TOTAL ESTIMATED COST: This Final Action Plan allocates \$12,000,000 of federal funds for affordable housing. Other government and/or private resources may supplement these funds.

## **Location Description:**

The project area for the Affordable Housing Program is defined as Manhattan, south of Houston Street.

## **Activity Progress Narrative:**

Attempts by the New York City Department of Housing Preservation and Development to identify partner organizations to acquire, rehabilitate, and/or manage affordable housing units in Lower Manhattan have been unsuccessful. The Affordable Housing program is currently being reevaluated to identify other means of enhancing affordable housing in lower Manhattan. A new plan is being developed that may make funding available for acquisition and renovations or improvements to existing affordable housing. No spending has taken place.

#### **Activity Description:**

Project description: LMDC proposes the allocation of \$15 million to subsidize the planning and design, and interior fit-out of affordable housing at a new mixed-use development project at Site 5B in Tribeca, known as 270 Greenwich Street. This new mixed-use development project will consist of market rate condominiums, commercial retail space, and a mixed-income residential rental building. The residential rental building will be a mid-rise building facing Greenwich Street above a two-story retail base and underground parking. Prior to September 11, 2001, Site 5B had been planned as an entirely a commercial project. However, shortly after September 11, 2001, the City reexamined its vision for Lower Manhattan and determined that Site 5B was better suited for a mixed-use development that was largely residential, with a goal to include meaningful affordable housing. LMDC funds would be provided to subsidize the planning and design of the rental housing tower, including related portions of the building base, and interior fit out of the affordable housing units. The residential rental component of the project will include affordable housing. HDC will administer the Mixed Income Program to ensure that the development will meet the following affordability targets. Of the total 163 units in the residential rental component, 85 will be market rate units, 44 will be middle-income units serving households below 175% AMI, 33 will be low-income units serving households at or below 50% AMI, and one will be a superintendent unit. The development will be financed through the use of tax-exempt bond proceeds, 4% tax credit equity, and the LMDC funds. The HDC Mixed Income Program will be administered for a period of 30 years. Proposed beneficiaries: LMDC funds used for Site 5B would bring much needed affordable housing to Tribeca. A developer was selected as a result of an RFP released by EDC in July of 2000. Although the RFP initially specified a commercial project, shortly after September 11th the City determined that the Site was better suited for a mixed-use development that includes affordable housing. The Tribeca community supports a substantial number of low and moderate wage employment opportunities, yet the community has a considerably limited number of affordable housing units. The Site 5B proposal would benefit 33 low-income households and 44 middle-income households corresponding to the HDC Mixed Income Program. Affordable housing would therefore serve the community and the demand for affordable housing. Selection of

beneficiaries: HDC will administer the program using its established marketing and tenant selection guidelines for tax-exempt projects, and in accordance with LMDC criteria and HUD regulations. The marketing plan includes, but is not limited to, premarketing and outreach components and an HDC-supervised lottery process. The developer of Site 5B will be responsible for designing and carrying out a pre-marketing and marketing plan for the affordable rental units, and for selecting tenants according to the income eligibility criteria generally described above. Income verification will be conducted for low and moderate income units. For low-income units, HDC will provide income verification on an annual basis, while for moderate income verification will be performed prior to occupancy. On November 18, 2005, HUD approved Partial Action Plan 6, which allocated funds for the planning and design, of a mixed income residential rental building at 270 Greenwich Street in Tribeca. The Subrecipient agreement was executed on December 5, 2006. The project broke ground in December of 2005. The Mixed Income Rental Building is complete was completed in December 2008. Of the 33 low-income units, all tenants have moved in. A final invoice was submitted for the project and paid on June 30, 2010

#### **Location Description:**

The project area consists of the City-owned Site 5B, Block 142/Lot 110, in the Borough of Manhattan, located in Tribeca between Warren Street, Park Place, West Street, and Greenwich Street.

#### **Activity Description:**

Direct (Person)

TRIBUTE IN LIGHT--Marking the six-month anniversary of the World Trade Center tragedy, on March 11, 2002, two beams of light rose from a site just north of the World Trade Center site into the night sky to honor those lost on September 11th and to celebrate the spirit of all the New Yorkers who have worked to rebuild and renew our City. Conceived in the aftermath of the September 11th tragedies, Tribute in Light is an artistic gesture bringing together the vision and talent of numerous individuals who, shortly after the attacks, independently envisioned two beams of light rising from downtown New York. Organized by the Municipal Art Society and Creative Time, Tribute in Light was conceived by team of architects John Bennett and Gustavo Bonevardi of PROUN Space Studio, artists Julian LaVerdiere and Paul Myoda, architect Richard Nash Gould, and lighting designer Paul Marantz. Universally embraced by the public, the Governor and Mayor announced the return of Tribute in Light for one night as part of the City's commemoration of the second anniversary of September 11th as a tribute to the memory of those lost and a symbol of the spirit of the great City of New York. At that announcement, they indicated that Tribute in Light would be brought back each year for one night on September 11th as part of City's commemoration. Under certain conditions the Tribute in Light could be seen from up to 25 miles away in any direction. With the designation of Tribute in Light as an integral part of the City's annual commemoration of September 11th, the Municipal Art Society, as one of the founding organizers and sponsors of this installation, in cooperation with the City of New York, is receiving support for the ongoing presentation of the Tribute in Light commemoration. LMDC funding has been used for the purchase of lights, technical support, and on-going maintenance for the first five years of the annual memorial commemoration. -- PROJECT OBJECTIVES--Support of this installation is consistent with LMDC's mission to create a permanent memorial honoring those lost. It provides a valuable public service in that its continuance has ensured that on each anniversary of September 11, 2001, the thousands of people who were killed that day and the loss of the World Trade Center and its impact on New York City and beyond are commemorated. In addition, the World Trade Center Site Memorial Competition jury recommended, in their selection of Reflecting Absence as a permanent memorial on the World Trade Center site, that provisions be made to accommodate the

annual showing of Tribute in Light as part of the memorial experience. While awaiting the completion of the permanent memorial in 2011, it has served as an interim memorial to those who were killed on that day. AMENDMENTS TO ACTIVITY—In November 2006 HUD approved an Amendment to Partial Action Plan 8 that reduced LMDC's allocation by \$500,000 to \$3,000,000. This amount reflects savings from lower than expected bids for some items. An additional \$145,000 toward the \$400,000 annual project budget was allocated to the Municipal Arts Society for the administration and presentation in 2009 of Tribute in Light from the Final Action Plan-Cultural and Community Events and Installations. The allocation of additional funds through this Final Action Plan, when combined with funds allocated in Partial Action Plan 8, allowed its presentation on September 11, 2009 as an interim memorial. --BENEFICIARIES--The thousands of relatives and friends of the nearly 3,000 victims of September 11, 2001 and February 26, 1993 have benefited from the memorial to their loved ones. Others immediately affected by the events, including survivors, area residents and workers, have also benefited from the project. Tribute in Light can be seen from up to 25 miles away in any direction, an area that encompasses the homes of an estimated 13.7 million people. Illuminating the night sky, it serves as an enduring symbol of hope, uniting the families of those who lost loved ones, New Yorkers, the nation, and the world. --SCHEDULE--LMDC funding was provided beginning in 2004 for a period of eight years. --FEDERAL RESOURCES--Gateway National Park agreed to provide storage for the lights for the first year with support by the Battery Park City Authority, owner of the site. The Battery Park City Authority, the Mayor's office, the MTA and other City agencies were instrumental in securing long term storage for the following years at the Battery Garage, now owned by the MTA. --TOTAL ESTIMATED COST--The total estimated cost for the project is \$3,840,000.00. Total estimated LMDC funding is up to \$3,840,000.00. The Municipal Arts Society will provide the remainder of funding for the project if needed.

## **Location Description:**

--PROJECT AREA--The site for commemoration on September 11, 2004 was identified as Lot 26 in Battery Park City. Support has been indicated by the Battery Park City Authority, owner of the site, for this year. Several other sites are being considered for future years, including sites within the vicinity of the World Trade Center site and Battery Park City. The Battery Park City Authority, the Mayor's office, the MTA and other City agencies worked together to secure the Battery Garage as the site of the project from 2004 through 2011.

## **Activity Description:**

LMDC GENERAL ADMINISTRATION --- LMDC engages in broad planning and administration activities relating to the recovery, remembrance, and rebuilding efforts in Lower Manhattan, defined by LMDC as the entire area of Manhattan south of Houston Street.---LMDCs administration activities include extensive public information and coordination activities relating to its LMDC planning work. As part of its coordination activities, LMDC serves as a facilitator of outreach and discussions between affected communities as well as the public at large and government agencies and officials. LMDCs public information work includes: large scale public meetings and hearings; periodic printed newsletters and reports; an up-to-date, comprehensive, and interactive web site (www.RenewNYC.com); extensive electronic communications; and other public outreach and participation efforts. In addition, LMDC maintains its network of community contacts through its advisory councils.---LMDC's administration activities also include all functions necessary to administer the Community Development Block Grants including financial operations, legal services, monitoring, auditing, investigations, and general administrative and office functions.---HUD has authorized the use of up to 5% of the total grant to LMDC for costs associated with planning and administration activities. including costs for overhead, personnel, and consultants.

## **Location Description:**

General administrative activities are centralized in LMDC's office at: 22 Cortlandt Street, New York, NY, 10007, and cover activities within Lower Manhattan.

## **Activity Progress Narrative:**

LMDC continues to maintain a small staff and office space to carry out its planning and community development activities, including project oversight, environmental and regulatory compliance monitoring, project coordination, and payment processing. During the third quarter of 2016, LMDC staff monitored the activities of more than 55 subrecipients and consultants, amended three contracts, closed two consultant contracts, and completed work on four subrecipient projects, while distributing under \$2 million in payments to subrecipients and consultants furthering the redevelopment of lower Manhattan. Administrative costs for the quarter were under \$385,000 none of which was charged to this activity in Grant 1; all Administrative costs for the quarter were charged to Grant 2. The total administrative spending falls well within our administrative budget, and on a cumulative basis, administrative costs continue to remain far less than the 5% allowable for administrative expenses.

#### **Activity Description:**

Area ()

LMDC PLANNING - ECONOMIC ANALYSIS --- LMDC engages in broad planning and administration activities relating to the recovery, remembrance, and rebuilding efforts in Lower Manhattan, defined by LMDC as the entire area of Manhattan south of Houston Street. LMDC planning activities include the site planning for the World Trade Center site and the areas immediately surrounding the site. The agency's planning activities also include the other neighborhoods in Lower Manhattan that have been affected by September 11th and its aftermath. Specifically, LMDC planning activities include expansive analyses of Lower Manhattan's transportation, traffic, housing and related amenities, open space, retail development, and economic development capacity, needs, and potential. Based on these analyses, LMDC will develop and propose concept plans for specific areas and projects in Lower Manhattan. LMDC planning activities focus on the administration of the competition and planning for the memorial. As part of the planning process, LMDC engages in economic analysis activities focusing on the economic impact and financial assessment of proposed development projects and programs for Lower Manhattan. HUD has authorized the use of up to 5% of the total grant to LMDC for costs associated with planning and administration activities, including costs for overhead, personnel, and consultants. The end date for this activity encompasses anticipated programmatic and/or financial activity.

#### **Location Description:**

The office of the Lower Manhattan Development Corporation is located at 22 Cortlandt Street, New York, NY 10007.

## **Activity Progress Narrative:**

There has been no spending this quarter related to economic development planning.

LONG-TERM PLANNING - WEST STREET PLANNING --- Long-term planning provides funding to plan for public investments including a transportation plan that positions Lower Manhattan as the gateway to the region and the world, a plan that transforms public boulevards into grand public promenades, and one that capitalizes on the underutilized resources of Lower Manhattan. The projects funded in long-term planning meet some or all of the following criteria: Consistent with HUD eligibility criteria; Consistent with the Lower Manhattan Development Corporations Principles and Preliminary Blueprint for the Future of Lower Manhattan; Consistent with the Lower Manhattan Development Corporations A Vision for Lower Manhattan: Context and Program for the Innovative Design Study; Consistent with Mayor Michael Bloombergs New York Citys Vision for Lower Manhattan; and Enhancement of Lower Manhattan transportation services, connecting Lower Manhattan to the world. --- West Street Planning --- New York State Department of Transportation (NYS DOT) is responsible for post-September 11th repair of Route 9A, also known as West Street in Manhattan, as well as the planning for future enhancements. West Street is a multilane, 260-foot wide highway serving both regional and local traffic in Lower Manhattan. The street acts as the western boundary for the World Trade Center site. West Streets traffic conditions and width -- more than twice as wide as a typical Manhattan avenue -- make it a barrier for pedestrians by separating Battery Park City, the World Financial Center, and the Hudson River waterfront from the rest of Lower Manhattan. Significantly, West Street acts as a divide between the World Trade Center site, the emerging residential community south of Liberty Street, and the existing Battery Park City community. Residents complain about the potential safety hazards of crossing West Street and retailers in the World Financial Center suffer from difficult access. Since September 11th, there has been extensive discussion of the best ways in which to accommodate the large traffic volumes that flow along West Street, while also improving the pedestrian experience and making the areas adjacent to West Street more amenable to residential and commercial development. The portion that runs along the length of the World Trade Center site is of special concern since it must provide an appropriately dignified and aesthetically graceful setting next to the future World Trade Center memorial. NYS DOT has considered numerous

\$0.00

\$0.00

design concepts to consider all significant factors. Goals for the design of West Street include creating better east-west pedestrian connections, improving the pedestrian environment, easing surface congestion, and accommodating the need to create a quiet, respectful site for the memorial. NYS DOTs work on West Street included necessary technical services related to the repair and restoration of essential transportation facilities and planning for future enhancements to West Street.. -- ALLOCATIONS IN PARTIAL ACTION PLANS -- Partial Action Plan 4 has allocated \$2,705,848 for this project. (Additional funds had originally been allocated to West Street Planning. In 2005, \$1.8 million was reallocated to Short-Term Capital Projects for West Street Pedestrian Connections).

## **Location Description:**

West Street, south of Chambers Street, in Manhattan.

#### **Activity Progress Narrative:**

The financial activity is attributed to legal, environmental and other consultant work associated with the planning and environmental reviews done for the West Thames Street Bridge and other West Street projects. No funds were spent this past quarter. The Bridge is entering the construction phase. Further details are provided in activity LM 300-Bridge.

#### **Activity Description:**

The initial Final Action Plan allocated \$60,950,849 for the Lower Manhattan Community Enhancements Fund (CoEF) and the Lower Manhattan Community and Cultural Enhancement Programs (CCEP), as well as additional funding for the Drawing Center. Funding for all CoEF projects and the Drawing Center is included in this activity. However, as certain specific CCEP projects are identified, funds have and will be specifically allocated to each of those projects as its own activity thus reducing this allocation accordingly. --Community Enhancements Funds were allocated by LMDC to not-for-profit organizations and government agencies whose projects support community facilities or programs that (a) provide education, employment, and health care services, and/or (b) recreational or community gathering needs. Also eligible are capital projects to acquire, enhance access to, improve, or rehabilitate existing community facilities. Funding for the CoEF grants was authorized in November 2007 a year after grant applications were due. LMDC convened an advisory panel to help review applications and select appropriate programs. On November 8, 2007 thirty-five grants were approved, totaling \$37,387,000. Shortly thereafter an additional five grants were authorized -- The Community and Cultural Enhancement Program addresses a range of community and cultural needs by providing grants, through a competitive selection process, to not-for-profit and government organizations for projects and programs that demonstrate the ability to spur long-term Lower Manhattan revitalization, benefiting area residents, workers, businesses, and visitors. The CCEP program prioritized projects that received planning grants in the first round of cultural funding and new proposals that had the potential to contribute to the development of clusters or corridors of cultural activity in revitalization zones, including the World Trade Center area, Fulton and Greenwich Streets and the waterfronts. CCEP funds were allocated by LMDC to not-for-profit and government organizations that support cultural or community programs or projects that benefit the residents, workers, and communities of Lower Manhattan. LMDC requested proposals which were due by November 5, 2010. On September 7th, 2011 thirty-eight grants were approved totaling \$20 million, \$17 million of which came from this allocation with \$3 million coming from an education allocation. PROGRAM OBJECTIVES-- Providing amenities and services necessary to support the residential and business

community had emerged as important Lower Manhattan redevelopment objectives. These amenities were expected to serve as a catalyst for increased residential, commercial, retail, and other neighborhood activities. In realizing this objective, the Community Enhancement Funds (CoEF) and Community and Cultural Enhancement program (CCEP) were intended for projects in Lower Manhattan that would meet the needs resulting from the events of September 11, 2001, address or prevent blight, and benefit low-and-moderate-income communities. Funded projects would have the capacity to spur the revitalization of Lower Manhattan and successfully benefit area businesses, residents, and/or visitors. BENEFICIARIES--The Lower Manhattan CoEF and CCEP funds will benefit Lower Manhattan area residents, workers, businesses, and not-for-profit organizations. Funding has and will continue to benefit low-and moderate-income people, address or prevent blight, and meet needs resulting from September 11, 2001.

#### **Location Description:**

The project area is Lower Manhattan, on or south of Houston Street.

#### **Activity Progress Narrative:**

This activity includes funds available for three Community and Cultural Enhancement Program (CCEP) grants that have not been executed as well as the four Community Enhancement Fund (CoEF) program grants that remain open. Over \$32.3 million of the \$40.3 million allocation has been paid to the nearly 40 CoEF grant recipients providing significant community enhancements throughout lower Manhattan.

New York City Health and Hospitals Corporation (NYCHHC) completed their \$257 million modernization project which included constructing and outfitting approximately 30,000 square feet of third floor space that provides 50 fully equipped treatment rooms for the purpose of providing healthcare services for women and children. NYCHHC has submitted some reimbursement requests which are under review.

Planning for the next phase of the Corlears Hook Park project began; the City of New York Parks Department indicated that they expect to move forward with an amended project scope in the near future. The initial phase involving the construction of a ball field was completed without the use of LMDC funds. The new or amended project scope is expected to focus on the adjacent comfort station.

Grand Street Settlement (GSS) has secured a long term lease so we are in process of executing a planning, design and preconstruction contract extension with construction anticipated to begin in 2017. Construction funding is expected to be provided in part from an LMDC CCEP grant.

LMDC Staff continues working with each these grant recipients to further their projects and process outstanding payment requisitions. We are also working with the proposed CCEP grant recipients (GSS and the New York City Department of Parks and Recreation) to move their pending projects forward, as well.

#### **Activity Description:**

As part of LMDC's Community and Cultural Enhancement Program, ABC No Rio will engage the services of contractors to construct a new 7,600 sq. ft. 4-story building, located at 156 Rivington Street. Construction includes; doubling capacity for public events programming through the extension of the first floor and cellar spaces; creating spaces specifically designed for workshops and programming; providing more efficient insulation and soundproofing; installing an elevator and making the building wheelchair accessible; installing new energy- and water-efficient building-wide systems; and increasing capacity for alternative energy use.

#### **Location Description:**

156 Rivington St, New York, NY 10002

#### **Activity Progress Narrative:**

The project has been delayed and as reported in the past, project responsibilities have been transferred to the New York City Economic Development Corporation (EDC) from the Department of Design Construction. With this transition, budget and planning changes have taken place. ABC No Rio reported that the project had received an additional \$1.5 million in capital funding in 2015/16 City budget and that the City's Office of Management and Budget issued the Certificate to Proceed for the project under EDC.

During this quarter, the ABC No Rio Subrecipient Agreement was amended to extend the terms of the agreement through 2018. LMDC/HUD funds would cover costs related to the construction, including some fit-outs and furnishings of a new multiuse arts and performance facility at 156 Rivington Street. This project was delayed but is now entering the construction phase.

As part of LMDC's Community and Cultural Enhancement Program, New York Asian Women Center will provide all the necessary services in connection with outreach, counseling and advocacy of domestic violence victims in Lower Manhattan initially at the Manhattan Family Justice Center,80 Centre Street, New York, which opened in Fall 2013. The program will continue out of the 32 Broadway location in 2016.

#### **Location Description:**

32 Broadway, 10th Flr, New York, NY 10004

## **Activity Progress Narrative:**

During the third quarter of 2016, no requests for reimbursement from New York Asian Women's Center ("NYAW") were submitted and no payments were processed. The Time of Performance for this grant runs through 2016.

Three activities were reported during the third quarter. NYAW's staff and Pacific College ('POCM") of Oriental Medicine's staff met to discuss a MOU where NYAW's domestic violence (DV) training outreach and PCOM's educational program workshops will be provided for NYAW and PCOM'S clientele. NYAW's representatives attended the 7thAnnual Father's Day Pledge to End Violence which was held at NYC City Hall. Participants in attendance were community based organizations, community members, and community leaders who encouraged men and boys within the Asian communities to address sexual and domestic violence. NYAW provided a DV workshop to Charles B. Wang Community Health Center's interns, in which they learned how to recognize the warning signs of DV in

#### **Activity Description:**

As part of LMDC's Community and Cultural Enhancement Program, Clemente Soto Velez will engage the services of consultants to design and plan the interior renovation project, at 107 Suffolk Street. The renovation will ensure the ADA compliance of the basement and first floor of the Center, provide access to and safe egress from all areas on the first floor and basement, and upgrade such elements as plumbing, lighting, signage, security, and internal building communications.

#### **Location Description:**

107 Suffolk St, New York, NY 10002

## **Activity Progress Narrative:**

During this quarter, the Architects for Clemente Soto Velez (CSV), Sage and Coombe Architects, met with Department of Design and Construction (DDC) and The New York City Department of Cultural Affairs (DCA) to discuss the lack of an approved fire alarm system at CSV. Sage and Coombe Architects reviewed the fire alarm proposals with the CSV, DCA and DDC in August and agreed on a path moving forward. All parties agreed that adding a fire alarm to the first phase of construction is in CSV and the City's best interest.

Over \$4,000 in reimbursement requests were paid during the quarter and over \$67,000 in submitted reimbursement requests are under review. The remaining balance of over \$105,000 in the contract for design completion and preconstruction services is expected to be fully expended by year end.

#### **Activity Description:**

: As part of LMDC's Community and Cultural Enhancement Program, LMDC funds will enable New York Public Radio (NYPR) to make improvements to The Jerome L. Greene Performance Space ("The Greene Space"), NYPR's 5,300 square foot public performance and studio space in their Lower Manhattan headquarters at 160 Varick Street. Specifically, LMDC will support modifications and enhancements to the Control Room and the purchase of equipment related to Control Room enhancement. Beneficiaries of the Program will include the more than 20,000 people who come to The Greene Space facility each year to experience live broadcasts of signature WNYC shows, WQXR live concerts, and lectures, many of whom come to Lower Manhattan to visit The Greene Space. The Greene Space Programming also reaches hundreds of thousands of people via live broadcasts, audio and visual streaming and recorded programming. New York Public Radio is an independent non-profit organization comprised of 7 radio stations, including WNYC (93.9 FM, AM 820), WQXR (105.9 FM), and The Jerome L. Greene Performance Space. Their radio stations are the most listened-to public stations in the country, reaching 2 million listeners locally each week, and an additional national radio and digital audience of 8.5 million. The mission of NYPR is "to make the mind more curious, the heart more tolerant, and the spirit more joyful by producing programs that reflect the values, vitality, diversity, and aspirations of listeners wherever they may be." The amount of this LMDC grant is \$200,000.

## **Location Description:**

160 Varick Street, 9thFloor, New York, NY 10013

## **Activity Progress Narrative:**

New York Public Radio ("NYPR") was reimbursed \$178,705, representing the total project cost during this past quarter. The project was completed and the Jerome L. Green Performance Space (Green Space) enhancement objectives were met. Improvements to the performance space have and will continue to benefit the thousands of people who come to the Greene Space each year as will the Programming Series that reaches many more listeners in revolutionary digital media and multimedia journalism.

The upgrades to NYPR's Jerome L. Green Performance Space facilitated by LMDC's funding have allowed NYPR to better meet the broadcasting and production challenges brought about by fluctuations in listening practices and innovation in technology. The enhancements helped to expand the venue production capability and provide the Lower Manhattan community an improved audience experience.

#### **Activity Description:**

As part of LMDC's Community and Cultural Enhancement Program, LMDC funds will enable the Lower Manhattan Cultural Council (LMCC) to implement a Marketing for the Arts program ("MFA"). The LMCC MFA is a marketing and communications training program, which will benefit seven specific, pre-selected lower Manhattan cultural institutions. Goals of the program include: increasing the capacity of the seven downtown cultural organizations to develop and implement strategic marketing and communications plans; to encourage and enable collaboration among the organizations to build community; and to engage in peer-to-peer learning opportunities as the basis for an ongoing network of mutual support. The six preselected and approved organizations which were all found to be in need of marketing and communication enrichment are: Chen Dance Center/H.T. Dance; CityLore on behalf of the CATCH consortium (Center for Art, Tradition, and Cultural Heritage); Clemente Soto Velez Center; HERE Arts Center; Museum of Chinese in the Americas; and Poets House. Specifically, LMDC will fund costs associated with LMCC staff, marketing and communication consultants, and quest speakers related to the design and implementation of the program. In addition, LMDC will provide the funds for LMCC to re-grant up to \$25,000 to each of the seven cultural instructions which have been selected to be a part of this program for the implementation of their marketing plan. Beneficiaries of the Program will be Lower Manhattan residents and workers who work on, visit, or attend exhibitions or events that the selected cultural institutions execute, as well as, artists and area businesses which will benefit from the expanded and enhanced activity in Lower Manhattan generated by these institutions through the successful implementation of their newly engineered marketing campaigns. The amount of this LMDC grant is up to \$500,000.

### **Location Description:**

## **Activity Progress Narrative:**

Lower Manhattan Development Corporation's final payment for the grant to Lower Manhattan Cultural Council ("LMCC") for implementation of their Marketing for the Arts Training ("MFA") was made. The MFA program objectives were met.

The six participating organizations implemented strategic marketing and communications plans.

- 1. Chen Dance Center attracted new audiences after being featured on TV;
- 2. Clemente Soto Velez and Educational Center developed plans to increase theater rentals by trademarked artists and companies;
- 3. City Lore hired a virtual tour creator for their new website;
- 4. HERE Arts Center increased spending on marketing ads that provided ticket conversion data, investing \$12,250 towards six campaigns, and accumulating \$27,832 in advertising revenue, a 127% return on investment;
- 5. Museum of Chinese in America created new strategic partnerships that are corporate in-kind, non-profit/community, media and outreach: and.
- 6. Poets House installed signage in their street level windows and on River Terrace which increased walk-ins. The MFA Training Program helped change the participating organizations strategies significantly which enhanced website and social media traffic as well as museum visits. This project has been effectively completed so the activity can be closed.

#### **Activity Description:**

As part of Grantee's Community and Cultural Enhancement Program, Grantee will support Subrecipient's College Access and Success Program (CAASP) which prepares parents of children who are enrolled in Subrecipient's Head Start program for college by providing ESL, GED and college prep classes.

#### **Location Description:**

197 East Broadway, New York, NY 10002

#### **Activity Progress Narrative:**

The Educational Alliance contract expired December 2015 and the final payment of \$48,000.00 was made in August 2016. The project objectives were met or exceeded.

The final program achievements are as follows:

- 94 parents enrolled in English as a second language (ESOL) classes
- 74 parents enrolled in family literacy classes
- 224 parents participated in financial education workshops and coaching sessions
- 5 parents have graduated from college
- 6 parents enrolled in college this fall, bringing the total college enrollment to 38
- 6 parents have applied to college for Spring 2016; to date one has been accepted
- 51 parents have participated in Educational Alliance's new employment service program
- 5 parents have obtained jobs.

# **Activity Description:**

PROJECT DESCRIPTION: The Fulton Nassau Crossroads Program, a component of the Fulton Corridor Revitalization Program, is an incentive program to assist property owners and retailers to restore building facades, and improve commercial storefronts and interior space; in order to improve the overall look and retail viability of Fulton Street, while respecting its historic character. Design Guidelines and an Incentives Review Panel ensure that the incentive program meets the overall vision for the corridor. The LMDC worked with the City of New York to develop the program guidelines, and they are available online at www.nycedc.com/crossroads. The project also provides technical assistance to property and business owners who are receiving money for façade and storefront improvements. In June and December 2009, the LMDC Board authorized an amendment to Partial Action Plan 12 and the two Fulton Corridor Revitalization subrecipient agreements that reduced the authorized amount of the Incentive and Streetscape subrecipient agreement to \$21,894,050. Out of that amount, \$14,570,000 is allocated to the storefront and façade improvement program. The amendment to Partial Action Plan 12 reflecting that reduction is posted on the LMDC website. On November 22, 2010, the LMDC Board authorized an additional reduction in the amount allocated to the Fulton Corridor Revitalization Program in PAP12. The November 2010 authorization and a partial action plan amendment approved by HUD in June 2012, reduced the amount of the incentive program from \$14,570,000 to \$10.570.000.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. There are approximately 150 storefronts in 80 buildings within the eligible Program area.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade. The grant program will allow for steady improvement of the facades and storefronts in order for the surrounding buildings to match the improved streetscape and open spaces.

#### **Location Description:**

To be eligible for the Fulton Nassau Crossroads program, a property must be located on Fulton Street between Broadway to the west and Water Street to the east, or on Nassau Street between Spruce Street to the north and Maiden Lane to the south.

#### **Activity Progress Narrative:**

All contract work on the Fulton Corridor Incentive & Streetscape Program is complete with a total of 57 store front renovations being completed throughout the program and the Subrecipient Agreement expired on December 31, 2015. A reimbursement request for about \$62,000 was processed and paid this quarter. About \$2,600 in reimbursement requests received this quarter have been reviewed and they are expected to be paid next quarter. The subrecipient has confirmed that these are the final reimbursement requests that will be submitted for this program. The remaining activity funds are in process of being reallocated to the West Thames Street Pedestrian Bridge activity that is expected to be established in the Final Action Plan.

#### **Activity Description:**

PROJECT DESCRIPTION: In June and December 2009, the LMDC Board authorized amendments to Partial Action Plan 12 and the two Fulton Corridor Revitalization subrecipient agreements that increased the authorized amount for the Open Spaces subrecipient agreement by \$4,970,950 from \$11,495,000 to \$16,465,950. The amendment to Partial Action Plan 12, which added \$1M to the Fulton Corridor Revitalization Program bringing the total allocation for the Program to \$39M, was approved by HUD on September 24, 2010. This project will develop and improve parks and open spaces along the Fulton Corridor and is a component of the Fulton Corridor Revitalization Program. Titanic Memorial Park will be refurbished to become an improved gateway to the South Street Seaport, through improved seating and landscaping. Pearl Street Playground will be renovated and expanded to pedestrianize Little Pearl Street and to become a more welcoming area for children and families. DeLury Square will be a new 10,900 sq/ft park at Fulton and Gold Streets. The City acquired a parcel of land to create the new park configuration of DeLury Square, which will include a lawn, planted areas, a pond and fountain, sitting areas, fencing, and other improvements. A new children's playground designed by the Rockwell Group is being constructed at Burling Slip and will create 22,000 square feet of public open space.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. Based on numbers provided by DPR in October 2010, the expected numbers of persons benefiting from the open spaces per year are: Burling Slip 140,000 total, 21,000 low-income, and 84,000 moderate-income, Pearl Street Playground 30,000 total, 4,500 low-income, 22,500 moderate-income, Titanic Park 18,000 total, 1,800 low-income, and 10,800 moderate-income, and DeLury Square 22,000 total, 8,800 low-income, and 8,800 moderate-income. Actual numbers of users of the open spaces are expected to be calculated during the summer months once the open spaces have been opened to the public.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River

Esplanade. The Open Space Program will improve two existing opens spaces and create two new open spaces for the area.

## **Location Description:**

The following projects will enhance the parks and open spaces along the Fulton Corridor: Titanic Memorial Park at the corner of Fulton and Water Streets, Pearl Street Playground bound by Fulton, Pearl and Water, and new playground to be created at Burling Slip and a new park to be created at DeLury Square at the corner of Fulton and Gold Street.

## **Activity Progress Narrative:**

Construction work on all the parks under this program (DeLury Square, Pearl Street Playground, Burling Slip, and Titanic Park) has been completed.

LMDC continues to work with the New York City Department of Parks and Recreation in obtaining the necessary reports which will allow processing of approximately \$305,000 in reimbursement requests on file. No additional reimbursement requests were paid or received this quarter. The remaining activity funds are in process of being reallocated to the West Thames Street Pedestrian Bridge activity that is expected to be established in the Final Action Plan.

#### **Activity Description:**

PROJECT DESCRIPTION: On June 11, 2009, the LMDC Board authorized a reduction in the amount of the Subrecipent Agreement, which reduced the amount for the Fulton Corridor streetscape and streetwall improvement project in the Subrecipient Agreement from \$7,788,000 to \$7,102,050. The amendment to Partial Action Plan 12 reflecting that reduction is posted on the LMDC website. This program will enhance the pedestrian and vehicular movement in the portals leading to Fulton Street, including John Street from William Street to South Street to enhance the connection to Burling Slip.On January 26, 2012, the LMDC Board authorized a Partial Action Plan 12 and Subrecipient Agreement amendment to include an additional three blocks of Spruce Street between Park Row and Gold Street in the streetscape project. Partial Action Plan 12 was amended to include the additional blocks and posted on LMDC's website on March 12, 2012. The streetscape and streetwall improvements are part of the Fulton Corridor Revitalization Program. Potential improvements include new sidewalks and curbs, roadway resurfacing, street furniture, light poles, wayfinding signage, landscaping, seating, plantings and increased open space along Fulton Street between Gold and Pearl Streets.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. The number of persons benefiting annually is based on a 2006 economic analysis report produced by The Louis Berger Group, which determined that there were approximately 49,111 residents who live within 0.5 miles of the project area and 52,141 workers who work within 0.25 miles of the project area.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade. The streetscape program will allow for steady improvement of streetscape to match the improved facades and open spaces.

## **Location Description:**

The Program area for these improvements includes Nassau Street between Fulton Street and Maiden Land, William Street between Maiden Lane and Beekman Street, Gold Street between Platt and Beekman Streets, Cliff Street between John and Fulton Streets, Pearl Street between Maiden Lane and Fulton Street, and Spruce Street between Park Row and Gold Street.

## **Activity Progress Narrative:**

All work has been completed on the streetscape portion of the project. All reimbursement requests have been submitted by the subrecipient and paid by LMDC. The remaining activity funds are in process of being reallocated to the West Thames Street Pedestrian Bridge activity that is expected to be established in the Final Action Plan.

#### **Activity Description:**

LOWER MANHATTAN ECONOMIC DEVELOPMENT PROGRAM -- For Lower Manhattan to continue to recover from the attacks of September 11, new opportunities to increase economic activity must be developed. Creating new residential neighborhoods, attracting new commercial and retail tenants to Lower Manhattan, and spurring construction that will generate new jobs are important goals that are consistent with LMDCs Principles and Revised Preliminary Blueprint for the Future of Lower Manhattan. LMDC had allocated \$30 million for economic development initiatives in Lower Manhattan. Subsequent amendments reduced this amount to \$6,928,418. The New York City Economic Development Corporation (EDC) planned to use these funds to implement projects that (1) increase economic activity in Lower Manhattan by spurring and promoting additional commercial and residential development; (2) attracting or retaining businesses and residents to locate in Lower Manhattan; and/or (3) providing short-term and/or long-term jobs in Lower Manhattan. Prior to allocating funding to any project, EDC would engage public participation in the review of the project's ability to promote one or more of the above three goals and solicit and consider public input.

ECONOMIC DEVELOPMENT PROGRAM OBJECTIVES This program will spur activity that will help prevent blight that could result absent intervention to address the existing conditions resulting from the events of September 11. This program will also benefit low-and-moderate-income people.

BENEFICIARIES-- The economic development projects will benefit Lower Manhattan area residents, workers, businesses, and not-for-profit organizations, including low and moderate income persons and families. More specific beneficiaries will be identified as projects are selected.

SCHEDULE The economic development projects were expected to be identified by December 31, 2007 and to be completed by December 31, 2015. As noted below the activity completion date was extended to December 2017.

CURRENT PROJECTS UNDER THE PROGRAM -- The Small Firm Assistance Program is one of the projects funded under the Economic Development Program. The Small Firm Assistance Program provided grants to eligible small firms in Lower Manhattan adversely affected by street closures related to publicly-funded construction. The Program was amended to expand eligibility under the Program, increase the Programs funding and extend its expiration date through December 31, 2017. FEDERAL AND OTHER RESOURCES-- LMDC proposes to allocate up to \$6,928,418 for a Lower Manhattan Economic Development Program.

TOTAL ESTIMATED COST--The total estimated cost for this activity as outlined in this Partial Action Plan is up to \$6,775,000.

## **Location Description:**

PROJECT AREA— The project area for the economic development program is Lower Manhattan, on or south of

Houston Street.

## **Activity Progress Narrative:**

In the third quarter of 2016, LMDC staff processed and approved two applications for the Small Firm Assistance Program, delivered one grant check to a grant recipient and reimbursed NYC Small Business Services for \$29,450. Two grant payments are expected to be delivered to grant recipients in the fourth quarter.

## **Activity Description:**

LOWER MANHATTAN TRANSPORTATION IMPROVEMENT PROGRAM-- Access to transportation has been identified as a competitive advantage for Lower Manhattan. Access to subways, the PATH station, ferries, bridges and tunnels make Lower Manhattan an attractive place to live and work. As Lower Manhattan continues to grow, ensuring sufficient transportation will be a key to its continue success. LMDC initially allocated up to \$31,000,000 then through amendments reduced the allocation to \$15,835,000 to address a range of transportation initiatives intended to benefit commuters, businesses, residents and pedestrians in Lower Manhattan. The City of New York and The National 9/11 Memorial Museum planned to use these funds to implement projects within Lower Manhattan that accomplished one or more of the following: improve mobility; improve connectivity between Lower Manhattan, the rest of New York City, and the surrounding region; promote the livability of Lower Manhattan and/or encourage business development; improve conditions for pedestrians and bicyclists; promote use of public transportation; provide access to the streets for those vehicles that need it; reduce congestion on the streets; support traffic management and emergency response; and ease the impact of construction on residents, businesses and tourists. Prior to allocating funding to any project, the National 9/11 Memorial Museum and the NYC Economic Development Corporation engaged public participation in the review of the project's ability to promote one or more of the above goals and solicit and consider public input. -PROGRAM OBJECTIVES This program will help prevent of blight that could result absent intervention to address the existing conditions resulting from the events of September 11th. -BENEFICIARIES-- The transportation improvement projects to be funded will benefit Lower Manhattan area residents, workers, businesses, and notfor-profit organizations, including low and moderate income persons and families. --ALLOCATIONS IN PARTIAL ACTION PLANS A total of \$31 million has been allocated in the Final Action Plan.

The initial Final Action Plan allocated \$31,000,000 to Transportation Improvements. The Final Action Plan was amended in June 2012 to reduce the allocation for Transportation Improvements by \$14 Million to a total of \$17 Million.A February 2013 amendment further reduced the allocation to \$15,835,000.

The February 2013 amendment also allowed the National September 11 Memorial & Museum at the World Trade Center Foundation, Inc. to allocate and implement Transportation Improvements.

# **Location Description:**

The project area is Lower Manhattan, on or south of Houston Street.

### **Activity Progress Narrative:**

The New York City Department of Transportation (NYCDOT) submitted a budget amendment that will move unused funds from Phase 1 (NYCDOT Rapid Response) to Phase 2 (NYC Pedestrian Wayfinding for the Financial District Area). The funds will be utilized towards installing over 30 signs within the World Trade Center Site and PATH area. The budget amendment was approved this quarter.

New York City Economic Development Corporation (NYCEDC) was paid over \$116,000 in reimbursement requests

this quarter towards their portion of the project. In addition they submitted a reimbursement request for over \$119,000 that is being processed for payment. Milestones for this quarter include the selection of a construction manager. In addition, the certificate to proceed for construction funding has been approved by the City OMB.
